Larger panoramic sunroof opening

The expanded panoramic sunroof of the all-new Sportage offers a better view of the sky than ever before, adding a sense of freedom when you're on the move.

An amazing view in every direction

Take your driving experience to an exciting new level thanks to all-new Sportage's unique, head-turning looks, innovative use of technology and outstanding attention to detail.

## Because Strength and safety go hand in hand

### Advance High Strength Steel and hot-stamped steel

51% AHSS application makes the all-new Sportage even stronger and lighter with benefits that include better handling and improved fuel efficiency. Hot-stamped components in 14 core stress areas help provide maximum crash protection, better driving dynamics, and a quieter ride.

### Advanced adhesives

We've applied a best-in-class 103 meters of structural adhesive to enhance vehicle body strength while minimizing noise and vibration for a smoother ride.

**Advanced Traction Cornering Control (ATCC)**  
Advanced Traction Cornering Control monitors and analyzes road conditions, making sure the right amount of torque is focused on the wheel with the most grip to counteract over or understeer.

**6 airbags:** Airbags placed strategically throughout the interior offer protection for you and your passengers in the event of a collision.

**Suspension:** The design and geometry of the all-new Sportage's improved suspension offers even more stable handling at high speeds for your safety and enhanced driving comfort.

Enjoy even more power and enhanced performance

Now you can go further thanks to enhanced fuel efficiency while reveling in the delight of greater control of your driving experience, regardless of road or weather conditions.

Automatic transmission this sixgear unit features auto shift lock to prevent any unintended acceleration from happening.

**Auto defogger** A sophisticated sensor detects fogging on the front windshield and clears it automatically, giving you driving clarity at all times.

**Ventilation and USB charger** for 2nd row passengers Cold or warm air is available when needed and your rear seat passenger can also recharge their devices on the go.

**Cluster ionizer** A smart ion generator is ever-ready to remove the sources of unpleasant smells, clearing the interior air for an enjoyable ride.

**Dual Zone Full Auto Temperature Control (D-FATC)** Set-and-forget functionality turns the air conditioner and heater on or off automatically to maintain the perfect temperature for you and your passengers at all times.

**Seat ventilation** with heating and cooling function

A remarkable new driving icon

**Fully Folding Rear Seats** The foldable rear seats allow for loading extra-sized items that would not normally fit in the rear cargo space. Increased cargo space height enables you to load even more extra-large items.

**Vehicle Stability Management (VSM)**  
This technology helps you to keep stable and safe when simultaneously braking and cornering, especially on wet, slippery or rough roads.

**Electronic Parking Brake (EPB)** State-of-the art switch design for activating the parking brake provides added convenience and saves space.

**Parking guide system**  
Steering-wheel mounted angle sensors and a rear-view camera indicate the projected trajectory of your vehicle for added safety.

**Heated front seats**  
Warm your seats at the touch of a button to enjoy your driving experience and travel safely even in the coldest weather.

**Paddle Shifters**  
Finger tip control and lightning-quick gear changes give you an extra dimension of driving control.
